

## United States Senate

July 20, 2011

Dana Point Development Corporation  
1085 East Main Street  
Turlock, CA 95380-3406

Dear Friends:

Congratulations on the Grand Opening and Ribbon Cutting for Reese Estates. I regret I could not be with you to celebrate this event personally.

In 1993, as Governor of Nebraska, I oversaw the development of Midwest Housing Equity Group, Inc., which provided funding in part for Reese Estates. Combined with the support of your local community and business leaders, the Nebraska Investment Finance Authority, Horizon Bank and the City of Waverly, Reese Estates has become a reality. It is through the cooperation of these multiple agencies—of individuals, businesses, communities, and government—that Nebraskans have made widespread achievements in affordable housing.

Thank you for your hard work creating homes for Nebraska families. Congratulations again on your Grand Opening and I look forward to your future successes.

Best wishes.

Sincerely,

E. Benjamin Nelson  
United States Senator
