*Four New Homes Underway in Lincoln Creek*

Four (4) new homes have recently been started by Dana Point Development Corporation in Lincoln Creek – a 43-lot subdivision which sits on the western edge of the City of Aurora.

The new homes are a mix of two (2) custom/pre-sold homes and two (2) speculative (“spec”) homes on the market for sale. One of the spec homes is 3 bedroom, 2 bath, 1342 square feet, with extensive brick while the other is 3 bedroom, 2 bath, 1600 square feet Craftsman style home with many upgrades. Lincoln Creek offers a sense of community including a City “pocket park” and extra touches throughout the subdivision such as decking, brick accents and multiple home styles.

“We are very pleased with the success of Lincoln Creek. With the start of these four new homes, only two lots now remain. Aurora is a wonderful community and this subdivision has become a very desirable place to live,” commented Matt Thomas, President of Dana Point Development Corporation.
