*Graham Park Estates Gains Approval*

Dana Point Development Corporation has received funding approval from the Nebraska Investment Finance Authority and the Nebraska Department of Economic Development for the Graham Park Estates project in the City of Seward.

The development will consist of eleven (11) single-family rental homes. Eight (8) of the homes will consist of three bedrooms, two baths, approximately 1403 square feet, and a two car garage. The remaining three (3) homes will consist of four bedrooms, two baths, approximately 1561 square feet, and a two car garage.

The development will include extra amenities and upgrades such as vaulted ceilings, tray ceiling in master bedroom, crown molding, washers/dryers/dishwashers in each unit, brick/shutter accents, extra storage, a community garden, some Green Built standards and more.

“We could not be more pleased to have received approval for this development. This will fill a great need for affordable housing in Seward,” commented Matt Thomas, President of Dana Point Development Corporation.
