Heritage Gardens Gains Approval

Dana Point Development Corporation has received funding approval from the Nebraska Investment Finance Authority and the Nebraska Department of Economic Development for new Senior housing in Cozad, Gothenburg and Lexington.

The overall development will consist of sixteen (16) senior rental duplexes (32 separate units): Twenty (20) units located in the City of Lexington, Six (6) units in the City of Cozad and Six (6) units in the City of Gothenburg. Each unit will be approximately 1350 sqft and have three (3) bedrooms, two (2) baths and a garage.

The development will include extra amenities and upgrades such as vaulted ceilings, tray ceiling in master bedroom, crown molding, washers/dryers/dishwashers in each unit, brick/shutter accents, extra storage, a community garden, some Green Built standards and more.

“The amount of community effort involved to put this project together was amazing. This was a true collaborative effort by many individuals with the end result being additional and well-needed housing for seniors. This is a very exciting project,” commented Matt Thomas, President of Dana Point Development Corporation.
